EDUCATION

Bachelor of Science in Electronic and Telecommunication Engineering

March 2024 - present

University of Moratuwa, Sri Lanka ,CGPA: 3.6/4.00

Upper Secondary education - Physical Stream

June 2020 - December 2022

Central college, Kuliyaipitiya - [G.C.E Advanced level examination – 3A's]

Secondary education

January 2018 - November 2019

St.Joseph's college, kuliyaipitiya. [G.C.E.ordinary level examination – 8A's1B]

SKILLS AND INTERESTS

Interests

Product Development, Design, CAD, Optimization,
Robotics, Modeling and Simulation, ML,deep-learning,LLMs

Design Software

Basic Solidworks , Altium, MATLAB

PROJECTS

Automated Sound Regulating device

February 2025 - June 2025

Major Project as a part of curriculum - Group

- An IOT device to adjust the microphone feed to a user defined range
- Main initiatives are to get exposure of product development process.
- designed a PCB and an Enclosure for the final product

Analog - Sound Regulator DEvice

July 2025 - November 2025

Minor Project as a part of curriculum - Group

- Implemented a device that regulates the sound input by dividing it different sound level bands and regulates it.
- Main initiatives are to get exposure to work with analog components.
- Implemented a final product wiht an enclosure and a PCB.

Robot Design Projec

July 2025 - November 2025

Major Project as a part of curriculum - Group

- Built a Robot for the competition in the Module, with the capabilites of line following ,wall follwing, with sensors such as TOF and IR arrays.
-

Dengue Patient Monitoring System

November 2025 - present

This is a Group project which is being done for a competition

- Main initiative is to build a bussines by finding a solution for a currently existing problem
- Here we optimize the current solutions using ML and implement novel mehtods to reduce human interaction.

POSITION OF RESPONSIBILITY

IEEE Rbotics and Automation society - committee member

November 2025 - Present

University of Moratuwa, Sri Lanka

- currently organizing a micromouse competition.

EXTRA-CIRRICULAR

- contributed to seminar series, **Soyuru Sathkara**, as a mentor January 2025
- contributed to **Sri Lanka Robotics Challenge**, as an organizing committee member April 2025

DECLARATION

I hereby declare that all the details furnished above are true to the best of my knowledge and belief.
